

MDHHS offices in Lower Peninsula closed Monday Dec. 28 due to weather

All Michigan Department of Health and Human Services offices in the Lower Peninsula – along with other state offices – have been closed as of 1 p.m. on Monday Dec. 28 due to a winter storm.

State offices in the Upper Peninsula remain open.

Freezing rain and snow is expected to make driving hazardous, resulting in the decision to close offices.

Reports of the abuse/neglect of children or vulnerable adults can still be made by calling 1-855-444-3911. Public assistance customers can apply online or check the status of their cases at www.michigan.gov/mibridges.

Updates on building closures will be posted to www.Michigan.gov.
